

Home Performance with ENERGY STAR®

April 26, 2017

Dear Participating Contractor,

As a reminder, NYSERDA recently released a survey to gather information on any changes to your business since the interest rate and incentive changes that occurred on 9/1/16. The purpose of the survey is to help us evaluate our programs and progress toward adoption of energy efficiency.

If you have already completed the survey, thank you! If not, please note that the survey will be accessible until 4/30/17. NYSERDA greatly values your participation and appreciates your partnership in building the market for clean energy.
