

# HPwES Modeling Software Reimbursement Form

The NY Home Performance with ENERGY STAR® Program is offering reimbursement to participating contractors for the cost of eligible HPXML compliant energy modeling software purchased between September 1, 2016 – May 31, 2017. Participating contractors that are in good standing in HPwES are eligible for up to \$500 in incentives toward the purchase program approved energy modeling software at 100% reimbursement.

All reimbursement requests must be submitted to NYSERDA by June 30, 2017 in order to be eligible for reimbursement.

To receive reimbursement, Contractors must submit the following documents:

- Equipment Incentive Application Form (this form)
- Proof of payment (invoices) for eligible energy modeling software.

If you have any questions completing this form, please contact [hpwes@nyserda.ny.gov](mailto:hpwes@nyserda.ny.gov).
