

NYSERDA

Home Performance with ENERGY STAR®

January 5, 2018

Dear Participating Contractors and Interested Parties,

The income limits for EmPower New York, Home Performance with ENERGY STAR®, and Residential Financing have been updated. Please see the "[Income Limits document](#)" for the income limits by household size. This file replaces section 3.4 of the Contractor Resource Manual.

In instances in which the income limit has increased, the change is effective immediately. In all other cases, the income limit changes will be effective February 1, 2018. All websites and program materials will be updated by February 1, 2018.

If you have any questions about these changes, please contact your Account Manager.

Thank you,

The NY Residential Existing Homes Team
