

## Home Performance with ENERGY STAR®

January 10, 2018

Dear Participating Contractors and Interested Parties,

NYSERDA is proud to sponsor the 2018 New York Regional Home Performance Conference and Trade Show, February 13-14, 2018 in Saratoga Springs, NY. We are excited to join together with industry leaders, weatherization professionals, home performance contracting businesses, program administrators, and others working in the residential energy efficiency industry for a cutting-edge educational experience.

Discover the latest in building science and technical information along with strategies to run a home performance business or program efficiently, and key updates in policy and new technologies to stay ahead of the curve, specifically tailored to the north east.

Connect in a candid exchange of ideas with presenters, exhibitors and other attendees, while also earning CEUs to gain or retain your credentials.

Engage with product manufacturers and distributors, smart technology companies, educational institutions, utilities, nonprofits, government agencies, industry media, trade associations, energy consultants, and more at the boutique HPC Trade Show.

[Registration](#) \$375 ends January 11, 2018. Late Registration begins on 1/12/18 and is \$475

Any questions should be directed to:
