

July 31, 2018

Dear Participating Home Performance Contractors,

On July 11, 2018 an [updated version of the NYSERDA Materials and Installation Guide \(MIG\) was released](#). This version will go into effect for all projects submitted for approval on or after August 10, 2018.

We will be hosting webinars to review impactful changes and offer time for questions and answers. You are invited to participate in one of the two webinars being held. Please register using the links below:

**Tuesday, August 7, 2018 at 3:00-4:30 PM** - [Click to Register](#)

**Wednesday, August 8, 2018 at 9:00-10:30 AM** - [Click to Register](#)

Attendees will be able to submit questions throughout the webinar. You may also submit questions beforehand: please submit them to [hpwes@nyserda.ny.gov](mailto:hpwes@nyserda.ny.gov). Be sure to include the words "MIG Review" on the subject line. All questions collected before and during the webinars, and responses, will be included in a FAQ document that will be posted to the [Contractor Support website](#) following the [webinar](#).

As you may recall from an earlier memo, further revisions of the MIG will take place in the near future. We will be working with the Building Performance Contractor's Association (BPCA) to create further enhancements. BPCA will be reaching out to you to hear your ideas on content and to obtain your input into how best to format the document on electronic media.

In the meantime, feel free to submit any added questions or suggestions to [hpwes@nyserda.ny.gov](mailto:hpwes@nyserda.ny.gov) with the subject line MIG Review.

Sincerely,

The NY Residential Existing Homes Team

## About NYSERDA

NYSERDA, a public benefit corporation, offers objective information and analysis, innovative programs, technical expertise, and funding to help New Yorkers increase energy efficiency, save money, use renewable energy, and reduce reliance on fossil fuels. NYSERDA professionals work to protect the environment and create clean-energy jobs. NYSERDA has been developing partnerships to advance innovative energy solutions in New York State since 1975. To learn more about NYSERDA's programs and funding opportunities, visit [nyserderda.ny.gov](http://nyserderda.ny.gov) or follow us on [Twitter](#), [Facebook](#), [YouTube](#), or [Instagram](#)
