Re: Extension of Participation Agreements

Dear Participating NY Residential Existing Homes Contractors and Appliance Vendors,

The current NY Residential Existing Homes Program Participation Agreements and Appliance Vendor Agreements expire on December 31, 2018.

NYSERDA is in the process of developing new Participation Agreements and will be extending the current NY Residential Existing Homes Program Participation Agreements with all Participating Contractors in good standing through February 28, 2019. This includes an extension for contractors performing work under the Addendum to Provide Low-Income Energy Efficiency Services for Long Island. No action is required on your part to continue your participation.

For Appliance Vendors in good standing with the Program, NYSERDA is extending Appliance Vendor Agreements through June 30, 2019. No action is required on your part to continue your participation.

During this time, the terms and conditions of the current Participation Agreement will remain in effect. Participating Contractors and Vendors will be required to abide by the terms and conditions of the Participation Agreement in order to remain in good standing in the Program.

NYSERDA is expecting to release new Residential Existing Homes Program Participation Agreements and Appliance Vendor Agreements in January 2019. Once these Agreements are executed, Participating Contractors/Appliance Vendors will be subject to the terms of the new Agreement.

Should you no longer wish to participate in the Program, or if you have any objection to continuing to participate in the Program through the aforementioned Agreement end dates, and under these same terms and conditions, please provide notice to NYSERDA by emailing hpwes@nyserdera.ny.gov.

We look forward to your continued participation.

Sincerely,

The NY Residential Existing Homes Team
