**NY Residential Existing Homes Programs
Regional Workshops: Training on the HPXML Compliant EmPCalc & Audit Tool
for Working in the HPwES & EmPower NY Programs
November & December 2019**

Dear Participating Contractors,

With the release of the HPXML Compliant version v5.3 of EmPCalc the Program will be discontinuing the use of all non-compliant versions effective 12/15/2019. **All projects being submitted after 12/15/2019 will need to be modeled using the most current version of the HPXML EmPCalc.** The most recent version can be found on the [Contractor Support website](#).

The NY Residential Existing Homes Program will be holding **Training on the HPXML Compliant EmPCalc & Audit Tool for Working in the HPwES & EmPower NY Programs** regional workshops with participating EmPower New York and Home Performance with ENERGY STAR® contractors. This session will cover the use of the newly released HPXML compliant EmPCalc, with audit report tool. Insight will be offered on modeling specifics as well as making the most of the customizable reporting available.

This session will offer a tab by tab training on the proper use of the HPXML compliant EmPCalc and audit report tool with an understanding of the various anomalies and capabilities of the software. Following the step by step training, an overview of the reporting component and the customization of the report for individual contractors' needs will be demonstrated. The afternoon will consist of specific EmPCalc modeling scenarios, as well as one on one support and training. Attendees are encouraged to bring their laptop. Refreshments, check-in and networking will begin at 8:30 a.m. The workshop will end at 4:00 p.m.

Schedule of workshops:

Wednesday, November 20, 2019

Hampton Inn White Plains/Tarrytown
200 West Main Street
Elmsford NY 10523

These trainings are intended for staff most involved in the energy modeling of projects submitted to both HPwES and EmPower NY Programs. Please RSVP using the link below the location that you wish to attend. You must respond no later than November 15, 2019.

We look forward to seeing you at one of these workshops as we continually work together to grow the home performance industry.

If you have questions, reach out to Contractor Support at support.residential@nyscrda.ny.gov or your Account Manager.

Sincerely,

NY Residential Existing Homes Program
