

Dear contractors,

Yesterday, a Program Announcement was issued regarding Updated Contractor Guidance: NYSERDA On-Premise Site Visits 3/23/20. We have received questions from the network regarding how this applies to the EmPower NY and Assisted Home Performance with ENERGY STAR® Programs.

Per the guidance provided **NYSERDA is pausing all on-premises work conducted by contractors for all our clean energy programs in the residential, commercial and industrial sectors until April 19.** To confirm, this guidance does apply to EmPower & AHP as well as the few outstanding Market Rate projects in final close out.

If you have any questions or would like to discuss this further please contact your Account Manager.

Thank you,

NYSERDA NY Residential Existing Homes
