I certify that the energy usage information provided above is accurate to the best of my knowledge. I understand that NYSERDA requires <u>12 to 24 months</u> of energy usage data in order to provide the most accurate savings and payback information for all proposed work to my home. All materials that include savings, calculations, payback schedules, or that are derived from my current energy usage will not necessarily reflect actual savings. I consent that NYSERDA and its designees have the authority to estimate my energy usage information.
