

EmPower+ Overview of Household Incentives

Access to incentives begins through the completion and submission of an EmPower+ Application, which can be accessed at nyserdera.ny.gov/empower-apply. Each unit/apartment receiving services must complete a separate application. Participating Contractors are encouraged to coordinate additional incentive offerings through the utilities and other agencies/programs such as the Weatherization Assistance Program. When additional funds are identified, the program implementor should be notified to ensure the funds are applied in accordance with Program rules.

Tier 3 (Moderate-Income)

- For households with income less than or equal to 80% of the State or Area Median Income (SMI/AMI), whichever is greater.
- No-cost comprehensive home energy assessments.
- No-cost direct install measures available at the time of the home energy assessment.
- Households can apply for a discount of up to 50% of the cost of eligible work.
 - For single-family owner/rental properties, the project funding cap is \$5,000 per project. Heating system replacement measure incentives are capped at \$2,000 per project.
 - For 2-4 family rental units, project funding caps are based upon \$5,000 for the initial unit and \$2,500 for each additional unit. Heating system replacement measure incentives are capped at \$4,000, regardless of the number of units.
 - Please refer to Section 5.19 of the [Program Manual](#) for additional information on rental property projects.
 - For No-Heat project caps, please see Section 5.9 of the [Program Manual](#).
- Access to low-interest financing through Green Jobs – Green NY (GJGNY) Financing. Additional information on financing options can be found here: <https://www.nyserdera.ny.gov/All-Programs/Programs/Residential-Financing-Options>
