Improve your home's comfort and save money with seal and insulate packages

Do you want your family to be more comfortable in your home, lower your energy bills, and get on the path to a clean energy future? Save money and improve your home's comfort year-round with seal and insulate packages. NYSEERDA's Comfort Home program makes it easy to make smart investments for a more efficient home now, while paving the way for the latest clean energy heating and cooling options.

The importance of load reduction

When a home's load is reduced, the amount of heat needed to make a home comfortable is reduced, saving energy and money.

NYSEERDA's program offers incentives for standardized and pre-screened home improvement packages. These packages range from sealing and insulating an attic and rim joists (good package) to sealing and insulating attics, walls, and windows (best package). By pre-packaging home improvements, NYSEERDA makes it easier for homeowners to bundle services and create a clean, comfortable home environment.

Three tiers of load reduction packages*

Package	Description	Value	Incentive
★ ★ ★ Good	Seal and insulate attic and rim joist	The average home saves 14% on their heating and cooling bills after installing this package.	\$2,500
★ ★ ★ Better	Good Package plus insulate walls and floors	The average home saves 20% on their heating and cooling bills after installing this package.	\$3,000**
★ ★ ★ Windows Add-On	After air-sealing and insulating, upgrade windows to ENERGY STAR®	For homes with upgraded air-sealing and insulation, upgrading the windows saves an average of an additional 8% on heating and cooling bills.	\$2,000**

*Dollar amounts shown reflect incentive amounts, total package costs to be discussed with contractor

**Additional incentives available for homeowners located in Westchester County

Multiple Comfort Home Projects Over Time	Customers who received Comfort Home incentives for a package within the past year are eligible for a total of \$1,000 toward another package.
	Customers who received Comfort Home incentives for a package more than a year ago are eligible for total of \$2,000 toward another package.

Who can participate

Homeowners of one-to-four family homes who pay into the System Benefits Charge (SBC) on their electric bill are eligible to participate. Start with a no-cost consultation with a qualified contractor who will help you select the improvement package that is right for you, including available rebates and financing.

To find out if the Comfort Home program is right for you, visit nyserdera.ny.gov/comforthome.
